YASH AGARWAL

E-Commerce & Marketplace Analyst | KPI Reporting & Power BI | US Client Delivery
+91 9119116916 | yash93411@gmail.com | linkedin.com/in/yashagarwal-analyst | Portfolio: yashagarwal28.github.io/portfolio | Jaipur, India | Open to Remote / International Roles

PROFESSIONAL SUMMARY

E-commerce analyst with 2+ years of experience delivering KPI reporting and marketplace analytics for 6+ US enterprise clients across 10+ retail platforms, including Amazon, Walmart, Wayfair and Petco. Builds Power BI and Excel dashboards, presents insights to US stakeholders, and automates manual reporting and price-compliance work.

SKILLS

Analytics & BI: Power BI, Advanced Excel (VLOOKUP, Pivot Tables), Google Sheets, KPI Dashboard Design, SQL Server Management Studio
Marketplaces & Retail: Amazon Vendor Central, Walmart Seller Central, Wayfair, Petco, PetSmart, Tractor Supply, Chewy, Target Plus Portal, Acenda
Marketplace Tools: Pacvue, CommerceIQ, Artemis, Celonis, Syndigo, Salsify
Web & Digital Marketing: Shopify (Liquid, JavaScript, CSS), WordPress (Elementor), On-Page SEO, Google Analytics 4, Google Search Console
Automation & AI: Process automation (Mechanic for Shopify), AI-assisted development (Claude), Model Context Protocol (MCP), Supabase / PostgreSQL, Python (foundational)

PROFESSIONAL EXPERIENCE

Perfality Business Solutions - Jaipur, Rajasthan Mar 2024 - Present
Senior Analyst | Mar 2026 - Present

- Lead KPI reporting and data analysis for 6+ US enterprise clients (Spectrum Brands, Galderma, Kenneth Cole, Black + Decker, Remington), covering sales performance, inventory fill rates and cost metrics in weekly and monthly cycles.
- Present performance insights, campaign results and inventory updates to US-based stakeholders on recurring client calls.
- Built a MAP price-violation alert workflow for a Shopify client (Creative Sewing, Mechanic app) that scans all variants every 15 minutes and emails only new violations; typically flags 10-15 violating items, varying with pricing changes.
- Built an internal timesheet tool that replaced manual spreadsheet hour tracking, saving about 2-3 hours per week.
- Contributed, with the team, to building the Perfality Intelligence System (PIS), an internal digital shelf analytics platform that tracks availability, pricing and MAP compliance, content quality, ratings and competitor activity by product and retailer, and turns findings into prioritised action lists that export to Excel.
- Built 15+ SEO landing pages, a news hub and a case-study library on perfality.com (WordPress/Elementor) and published 100+ blog posts and articles to build brand visibility.

Ecommerce Analyst | Mar 2024 - Mar 2026

- Managed data extraction, cleaning and reporting across 10+ retail platforms (Amazon, Walmart, Petco, PetSmart, Tractor Supply, Chewy, Wayfair, Target Plus Portal, Acenda) using Pacvue, CommerceIQ and Artemis.
- Built and maintained 8+ Excel, Power BI and Google Sheets dashboards tracking sales, inventory and KPI performance, reducing manual reporting workload.
- Delivered 16+ live features on a client Shopify storefront (Machine Finder Quiz, seasonal sales pages, multi-brand Deals menu) and maintained product content on Syndigo and Salsify.

Ritzity - Pune, Maharashtra Jun 2023 - Oct 2023
SAP Trainee (Internship)

- Trained on SAP ERP, S/4HANA and IBP workflows; managed course content and learning data across Graphy, Udemy and Global Linker with quality checks for accuracy.
